TYPE-C DOCKING HUB STATION

XWH-CDH-13

High speed docking Hub Station, perfect addition to your newest MacBook

DESCRIPTION

High speed docking hub station, perfect addition to any MacBook with type-c connectors.

Discreet and elegant, the docking hub station works by simply plugging it into your MacBook or any other laptop using the type-c technology, while adding 12 new connectors to your device.

The security lock hole guarantees a high level of safety. The case of aluminum-alloy provides strong resistance for great durability.

With a uniquely angled design, the dock can be tucked underneath the MacBook for an elevated surface and more desk space for heat dissipation.

Lightweight, perfect to carry along comfortably.
